

Healthcare Roadshow 2024

*Transforming Healthcare Horizons
Through Technology and Innovation*

April 9 - May 3, 2024

ON | AB | BC | NS

Transforming Healthcare Horizons Through Technology and Innovation

Canada's healthcare future grapples with ageing demographics, workforce shortages, inequities, infrastructure upgrades, and data management. These pressing challenges require more dynamic and innovative solutions that pave the way for effective and efficient service delivery to citizens.

The Healthcare Roadshow is a dynamic platform that brings together technology and healthcare experts, stakeholders, and decision-makers to explore innovative uses of existing and emerging healthcare technologies to benefit patients, healthcare providers, government regulators, research institutions and other healthcare stakeholders.

Benefits of Attending

Innovative Insights: Gain valuable insights into cutting-edge technologies and strategies driving the transformation of healthcare providers into smart, connected, and sustainable organizations.

Networking Opportunities: Connect with thought leaders, experts, and peers in healthcare providers, technology, and governance, fostering collaboration and partnerships.

Practical Solutions: Discover actionable solutions and best practices to address industry challenges and enhance healthcare delivery to citizens.

Strategic Thinking: Explore how healthcare leaders are shifting from traditional organizational processes to technology-driven approaches, creating a paradigm shift in the healthcare sector.

Inspiring Case Studies: Learn from real-world examples of healthcare providers that have successfully harnessed technology to automate processes, optimize services, address workforce shortages, and improve patient experience.

Future Outlook: Gain foresight into emerging trends, challenges, and opportunities that will shape the future of healthcare.

Who You'll Meet

Executive Directors, directors, Clinical Directors, Leaders, Heads and Managers from provincial health departments, local hospital networks and public hospitals, allied health providers, nurse practitioners, community health services, and Public Health Networks (PHNs) charge:

Explore the Agenda - Halifax, NS

Friday, May 3, 2024
Halifax Convention Centre
1650 Argyle St, Halifax, NS B3J 0E6

7:30am Registration and Networking Coffee

8:00am Welcome from Public Sector Network

8:10am Welcome from Chair
Andy French, *Applied AI Lead, CGI*

8:30am Opening Keynote: Collaborating with Healthcare Stakeholders in Delivering Person-Centred Care for Patients

- Optimizing innovation to achieve the highest possible workforce efficiency in the healthcare sector
- Discovering how Prince Edward Island is encouraging collaboration among healthcare stakeholders

Dylana Arsenault, *Executive Director, Hospital Services and Patient Flow, Health PEI*

8:50am Platinum Partner Session: Integrated and Interoperable Collaboration Platforms for Effective and Efficient Healthcare Delivery

- Achieving more personalized, patient-centered care resulting from integrated and interoperable systems.
- Facilitating the work of multidisciplinary care teams to provide better patient care.

Neil McFarlane, *Principal Healthcare Solutions Architect, AWS* & **Kyle Schilke**, *Sr. Healthcare Sr. Enterprise Account Manager, AWS Canada*

9:10am Government Keynote: Proactive Approach to Addressing Health Inequities with the Use of Digital Technology

- Highlighting the use of enablers to reach underserved sectors of society.
- Identifying and addressing social and economic factors affecting patients' health to deliver proactive and effective health measures for citizens.

Krista Jangaard, *President & Chief Executive Officer, IWK Health Centre*

9:30am Platinum Partner Session: Future of Health Care

Join us on the main stage at the Healthcare Roadshow in Halifax to discover how Oracle is automating care coordination, clinical workflows, regulatory compliance, and value-based care. Keynote presenter Jeremy Young, will unveil Oracle Health's vision for the year ahead, extending far beyond electronic health records.

Delve into the transformative capabilities of Oracle Health Data Intelligence (HDI), leveraging the power of Oracle Cloud's data, analytics, and AI platform. Learn how HDI delivers faster time-to-solutions and lowers cost of ownership while enabling integrated automation that supports enhanced patient care, improved outcomes, and informed healthcare provider decision-making. Join us for an insightful exploration of the future of healthcare technology with Oracle Health.

Jeremy Young, *Lead Strategic Development Executive, Health Network - Federal & Canada, Oracle Health*

9:50am Government Keynote: Navigating the AI-Powered Healthcare Revolution: Solutions, Challenges, and Stakeholder Perspectives

- Strategies and challenges in effectively integrating AI into healthcare, considering the perspectives and roles of various stakeholders, including government, healthcare providers, and vendors.
- Ethical considerations and diverse perspectives surrounding AI in healthcare, including data privacy, bias, and transparency, while hearing from a wide range of stakeholders on their experiences and expectations in this transformative journey.

Matthew Murphy, *Senior Director, Strategy and Performance and Chief Data Officer*, Nova Scotia Health Authority

10:10am Gold Partner Session: Optimizing Healthcare Supply & Demand in a Fragmented Ecosystem

Elliot Desilets, *Director Strategic Relationships*, Petal

10:30am Morning Coffee and Networking Break

10:50am Interactive Roundtable Discussion

1. AI Revolution in Healthcare: Transformative Applications and Ethical Considerations
Facilitated by: **Robyn Stewart**, *Director of Consulting Services for Health and Life Sciences*, CGI
 2. Data Liberation: Unlocking the Power of Data in Healthcare
Facilitated by: **AWS**
 3. Topic TBC
Facilitated by: **Oracle Health**
 4. The Patient Data Journey - What are the Bottlenecks? How Can Tech Help?
Facilitated by: **Maude-Andrée D'Amours**, *Product Manager*, Petal & **Talia Novik**, *Senior Product Marketing Manager*, Petal
 5. Topic TBC
Facilitated by: **Google**
-

11:50am	<p>Panel Discussion: Addressing Future Health Challenges with Technology and Innovation</p> <ul style="list-style-type: none"> • How can medical providers deliver personalized patient care despite intensive use of technology? • In the ever-evolving landscape of healthcare technology, how can healthcare organizations balance data security and seamless data sharing to ensure compliance with privacy regulations? • What strategies and technologies are most effective in empowering patients to control their healthcare data while still facilitating necessary information exchange among healthcare providers? • How could digital technology be leveraged to provide preventive health measures? • How could collaboration between government agencies, healthcare providers, and technology companies be strengthened to better address healthcare information security challenges? <p>Joshua Lee, <i>Senior Executive Director, Planning, Performance, and Digital</i>, Nova Scotia Department of Health Steve Carrigan, <i>Director, Analytics, Strategy and Performance</i>, Nova Scotia Health Authority Ashley Miller, <i>Chief Medical Information Officer</i>, Nova Scotia Health and IWK Moderator: Robyn Stewart, <i>Director of Consulting Services for Health and Life Sciences</i>, CGI</p>

Marketing

“It was an excellent day, well organized, stayed within the time allotted, good to meet new people in person and learn what is going on in Healthcare and the venue was excellent all around.”

AHS/APL

“I found the event speakers interesting and engaging as well as the panel. They provided “food for thought”. The even location was nice and overall I learned a few things and met nice and knowledgeable people.”

Michael Garron Hospital

“The conference left me feeling energized and encouraged. Even with the multiple challenges facing Healthcare today, there are opportunities to make a difference and change the way we do things moving forward.”

Fraser Health Authority

“It was wonderful to reconnect in person with colleagues from my organization, meet new people, and network with others from government and innovation agencies.”
